TERA2220 host card (SFP Fiber edition) incl. 1 year Teradici Cloud Access

Specifikation

Orderable item, expected delivery time approx. 1 week. TERA2220 PCoIP remote acceleration cards can be added to any existing PC or workstation to enable field-proven high-end 1:1 session leveraging PCoIP protocol graphics and desktop performance. It's the only hardware remote solution which can allow high-end 3D applications with dedicated GPUs that is not available when using virtualized desktops. Powerful Collaboration with High Performance Graphics Card No matter you are a 3D game artist, an animation modeling designer, movie editor, or mechanical engineer, your workstation which is embedded the workstation card or other high-performance graphics card must offer high level of interactivity while enabling unprecedented performance, features and photo-realistic image quality. PCoIP host card series is the only hardware remote solution which allows you continue using your current graphics card to deliver the fastest application performance and the highest quality workstation graphics. Hardware Advantages over Software Codec PCoIP hardware acceleration host card optimizes CPU loading, network loading, and user experience at once, while other software remote solutions optimize one at the expense of the others. Features Remoted to a PCoIP zero client or integrated PCoIP display All you need is a free PCIe slot and a graphics card An ideal low profile solution for small form factor (SFF) PC/workstation High Security and Privacy by locating data in the datacenter Completely OS Independent All applications run as normal Manages complexity and reduce cost by facilitating centralized management The Host Card Price will include a 1 year subscription to Teradici Cloud Access Subscription which includes: -Workstation Card firmware new features and updates including 4K -Zero Client firmware new features and updates including 4K -brokering tools for PCoIP Zero Clients and PCoIP Remote Workstation Cards -PCoIP Management Console Enterprise -Access to Teradici forums and publications -24 x 7 certified professional support from Teradici -Teradici Cloud Access Software - enable utilization of public cloud resources for remote workstations
