NVIDIA Quadro vDWS EDU Perpetual License - 1 CCU

Specifikation

NEW! EDU license that covers ALL NVIDIA GRID FEATURES (vApp, vPC and vWS)! This new license covers all features for a better price tag which makes it easier for you to deploy what is ideal for your specific user. The vWS is ideal for mainstream and high-end designers who use powerful 3D content creation applications like Dassault's CATIA, SOLIDWORKS, and 3DExcite, Siemens NX, PTC Creo, Schlumberger Petrel, or Autodesk Maya. NVIDIA GRID Virtual Workstation allows users to access their professional graphics applications with full features and performance, anywhere, on any device.
