WORRY-FREE BUSINESS SEC 6 ADV 5 NEW LIC 12M

Specifikation

Key Features Fast Scanning: Trend Micro™ Smart Scan detects and removes the latest threats, giving you continuously updated protection with minimal impact on users' PC performance. Block Inappropriate Websites: Gain extra protection from web threats by blocking exposure to risky websites, and help keep employees focused by blocking access to offensive or non-work related sites. Global Neighborhood Watch: Automatically identifies new threats and feeds back security-related issues or events to Trend Micro using Smart Feedback technology, speeding resolution of threats for all users. USB Device Threat Prevention: Prevents viruses on USB devices from infecting users' computers.
